## **SS Peter & Paul** **Whole School Policy on Social Media**

This social media policy:-

- reflects the consensus of opinion of the whole staff;
- was discussed, written and agreed by the whole staff;
- has been approved by the Governing body.

The implementation and ownership of this policy is the responsibility of the whole staff.

The overall accountability and effectiveness of the policy will be the responsibility of the Executive Head Teacher and Senior Leadership Team.

At SS Peter & Paul Catholic Primary School we take a professional approach to ICT and we are committed to keeping technology up to date to assist with the delivery of our School Curriculum. We understand that the use of technology and social media is a growing part of life outside of school. We have a responsibility to safeguard our pupils against potential dangers when accessing the internet at school, and to educate our pupils about how to protect themselves online when outside of school so we have established rules and protocols to ensure all of our stakeholders know and follow the expectations and what is considered acceptable use of the internet and Social Media for our school.

As a Catholic school we regard every individual as unique and special in God’s family. This policy is designed to support every member of our school, taking into account their unique and special nature as part of God’s Catholic community.

## Mission Statement

*‘We live and learn in the light of Christ.’*

### 1.0 Aims of this policy

We are committed to:

- Encouraging the responsible use of social media by all staff, parents and pupils in support of the school’s mission, values and objectives.
- Protecting our pupils from the dangers of social media.
- Preventing and avoiding damage to the reputation of the school through irresponsible use of social media.
- Protecting our staff from cyber bullying and potentially career damaging behaviour.
- Arranging e-safety meetings for parents.

### 2.0 Definitions

2.1 For the purpose of this policy, the school defines “**social media**” as any online platform that offers real-time interaction between the user and other individuals or groups including, but not limited to, the following:

- Blogs
- Online discussion forums, such as netmums.com
- Collaborative spaces, such as Facebook
- Media-sharing devices, such as YouTube
- ‘Micro-blogging’ applications, such as Twitter

2.2 For the purpose of this policy, “**cyber bullying**” is defined as any social media or communication technology intentionally used to bully an individual or group, including the posting or sharing of messages, images or videos.

2.3 For the purpose of this policy, “**members of the school community**” are defined as any teacher, member of support staff, pupil, parent of a pupil, governor or ex-pupil.

### 3.0 Data protection principles

3.1. The school will obtain consent from pupils and parents at the beginning of each academic year using the Home School Agreement Consent Form, which will confirm whether or not consent is given for posting images and videos of a pupil on social media platforms. The consent will be valid for the entire academic year.

3.2 A record of consent is maintained throughout the academic year, which details the pupils for whom consent has been provided. The DPO is responsible for ensuring this consent record remains up-to-date.

3.3 For the purpose of section 3.1, where a pupil is assessed by the school to have the competence to understand what they are consenting to, the school will obtain consent directly from that pupil; otherwise, consent is obtained from whoever holds parental responsibility for the child.

- 3.4 Parents and pupils are able to withdraw or amend their consent at any time. To do so, parents and pupils must inform the school in writing.
- 3.5 Where parents or pupils withdraw or amend their consent, it will not affect the processing of any images or videos prior to when consent was withdrawn or amended. Processing will cease in line with parents’ and pupils’ requirements following this.
- 3.6 In line with section 3.5, wherever it is reasonably practicable to do so, the school will take measures to remove any posts before consent was withdrawn or amended, such as removing an image from a social media site.
- 3.7 The school will only post images and videos of pupils for whom consent has been received.
- 3.8 Only school-owned devices will be used to take images and videos of the school community, which have been pre-approved by the Head Teacher for use.
- 3.9 The school will not post pupils’ personal details on social media platforms. Pupils’ full names will never be used alongside any videos or images in which they are present and the school will use group or class images or videos with general labels.

Before posting on social media, staff will:

- Refer to the consent record log to ensure consent has been received for that pupil and for the exact processing activities required.
  - Ensure that there is no additional identifying information relating to a pupil.
- 3.10 Only appropriate images and videos of pupils will be posted in which they are suitably dressed, i.e. it would not be suitable to display an image of a pupil in swimwear.
- 3.11 Any breaches of the data protection principles will be handled in accordance with the school’s GDPR Policy.
- 3.12 Consent provided for the use of images and videos only applies to school accounts – staff, pupils and parents are not permitted to post any imagery or videos on personal accounts. **NO PERSONAL DEVICES** are to be used by staff, parents or pupils to take photographs or make videos.
