aut horizati on and PAT testing	

#### 1. Success I ndi cat ors

The school has a Health, Safety and Well being policy which:

- Provides an overview of the school policy on health, safety and well being.
- Outlines the arrangements the school has in place for health, safety and well being.
- Assigns rd es and responsi biliti es to key staff in the schod.
- Is monitored and reviewed regularly by seni or leaders.

#### 2. Overview

All schools are required to have a Health, Safety and Wellbeing Policy in place. The School's Health, Safety and Wellbeing Policy should be developed by the Headteacher, members of the School Leadership team in conjunction with the Governing Body/Trust/Acade my Board.

# 3. Employer responsibilities

Where the school/sponsor/board of governors is the direct employer of school staff (such as in Academies, Trust Schools, Foundation Schools and Voluntary Aided (VA) Schools) the school must have a Health and Safety Policy in place to comply with the Health and Safety at Work Act. This can be in any for mat.

Where a County Council is the employer of school staff, such as in Maintained or Community Schools, Voluntary Controlled (VC) or Short Stay Schools it is recommended that schools use the Health, Safety and Well being Policy template to develop their Health, Safety and Well being Policy.

# 4. Day to day management of Health, Safety and Wellbeing

The organisation and arrangements which support the H S and W Policy (day to day management of Health & Safety) are the responsibility of the Headteacher/Principal and the School Senior Leadership Team (supported and monitored by the Governing Body). Note that the Management of Health and Safety at Work Regulations requires employers to appoint one or more competent people to support their management of health and safety. This may be done by appointing an external provider to provide this advice.

#### Occupiers Liability

Regard ess of the status of the employer, all school governing bodies have health and safety responsibility as the occupier of the premises and therefore must take steps to ensure that the premises are managed effectively to reduce risk to those using, entering or accessing the premises at any time for any reason.

#### 5. Template for Health, Safety and Well being Policy

The Staffordshire Health, Safety and Wellbeing Service provide a template Health, Safety and Wellbeing Policy for schools to customise and adapt for their own use. This is on the next page.

# St John Paul II Multi Academy Company

# Health, Safety and Wellbeing Pdicy

SS Peter & Paul Catholic Primary School

# The Policy has 4 parts;

- Part A- Introduction
- Part B- The Health and Safety Pdicy Statement
- Part C- Management Arrangements
- Part D- The detailed arrangements & procedures for Health, Safety and Well being
  - within SS Peter & Paul Catholic Primary School
- Part E- The Key Perfor mance Indicators

#### A Introduction

This policy statement complements (and should be read in conjunction with) the St John Paul II Multi Acade my Health and Safety Policy Statement. It records the local organisation and arrangements for implementing the policy.

## B. Policy Statement

The requirement to provide a safe and healthy working environment for all employees is acknowledged and the Board of Directors, through the Local Governing bodies of the schools, recognise and take responsibility for compliance with the statutory duties under the Health and Safety at Work etc. Act 1974.

The Governing Body of SS Peter & Paul Catholic Primary School will ensure so far as is reasonably practicable that:

- all places and premises where staff and pupils are required to work and engage in school/acade my activities are maintained in a condition which is safe and without risk to health. (This includes the health and safety of persons on the premises or taking part in educational activities elsewhere.)
- all plant and equipment is safe to use and that arrange ments exist for the safe use,
   handling and storage of articles and substances at work.
- appropriate safe systems of work exist and are maintained.
- sufficient information, instruction, training and supervision is available and provided to ensure that staff and pupils can avoid hazards and contribute in a positive manner towards their own health and safety and others.
- a healthy working environment is maintained induding adequate welfare facilities.

In addition to the above, the Board of Directors will ensure that so far as is reasonably practicable that the health and safety of other non-employees is not adversely affected by its' activities.

Employee involvement is an important part of managing safely, and consultation on health & safety with employees and employee representative's forms part of this policy.

This policy statement and the accompanying organisational arrangements supersede any previously issued.

and safety of people on work experience in the		
schod/acade my premises:		

Our arrangements for managing the health and safety of work experience students in the school/acade my are:

- Briefings on induction, staff handbook.

#### 35. Vd unteers

Name of person who has overall responsibility for managing/coordinating valunteers working within the school/acade my:	Na me: Neil Porter
Volunteers are considered as a member of staff and all health and safety arrangements indualing induction and training must apply.	

# E. Health and Safety Key Performance Indicators (KPI's)

It is important that school leaders, governors and managers can monitor the health and safety performance of their school in order to determine where progress is being made and where further actions and resources may be required.

#### KPI s

- 1. The Health and Safety audit (January) will be completed annually
- 2. October premises checklist to be completed annually
- 3. Fire risk assess ment to be reviewed and updated annually
- 4. Ter mly fire evacuation drills to take place
- 5. Accidents in schools to be reviewed at least annually
- 6. For mal report on Health and Safety to be submitted to Governors and Board of Directors annually.
